

FOR IMMEDIATE RELEASE

XANADOO CELEBRATES GRAND REOPENING

[MEDIA ADVISORY: You are invited to attend Grand Reopening festivities for the Xanadoo retail store, located at the corner of Kemp and Kell Boulevard, Friday, August 29 from 9 a.m. to 6 p.m. and Saturday, August 30 from 10 a.m. to 4 p.m. Festivities will kick off Friday, August 30 at 11 a.m.]

WICHITA FALLS, TX – Xanadoo Wireless High-Speed Internet will celebrate the Grand Reopening of its retail store, located at the corner of Kemp and Kell Boulevard, Friday, August 29 and Saturday, August 30. Grand Reopening festivities will begin Friday, August 29 at 11 a.m.

Xanadoo is excited to celebrate its new **Prepaid Wireless High-Speed Internet** service as well as many improvements and additions to the Xanadoo network. Also, Xanadoo is excited to introduce Diana Howl as the new General Manager for the retail store.

“Xanadoo has a lot to celebrate,” said Diana Howl, General Manager. “Xanadoo Prepaid offers a new type of flexibility not found with dial-up, DSL or cable. Similar to prepaid cellular service, Xanadoo Prepaid allows users to purchase high-speed internet in time increments from 7 to 90 days. With Prepaid, there are no monthly service fees, annual contracts, additional phone or cable service requirements or credit qualifications.”

The public is invited to the Xanadoo retail store at the corner of Kemp and Kell Boulevard Friday, August 29 from 9 a.m. to 6 p.m. and Saturday, August 30 from 10 a.m. to 4 p.m. for food, fun and savings.

About Xanadoo:

Xanadoo Company is commercializing WiMAX wireless broadband technology over 2.5 GHz licensed frequencies. WiMAX, also known as IEEE 802.16e, is a wireless technology standard that offers users speeds comparable to wireline technologies, like cable and DSL, with the mobility of traditional cellular voice services. Xanadoo has rights to 2.5 GHz licenses covering approximately 8 million people in Texas, Arkansas, Illinois, Kansas, Minnesota, Missouri, Nebraska, Oklahoma and West Virginia. Xanadoo is also a licensee of 700 MHz spectrum covering almost 156 million people in major markets, such as New York, Boston, Philadelphia, Pittsburgh, Cleveland, Detroit, Chicago, Miami, Tampa, San Francisco, Sacramento, Portland and Seattle. Xanadoo expects that 4G wireless technologies will also be deployed in the 700 MHz frequency band. Information on Xanadoo can be found at www.xanadoo.com.
